

Environmental Policy Statement

Astley Signs, as part of The Redforrest Group Limited, recognise the importance of maintaining its operations to ensure the safety of the environment. The company recognises that effective management makes good business sense and will be a fundamental and integral part of our business strategy.

To ensure these standards, procedures have been implemented including the following:

- Being aware of how our activities impact upon the environment and to seek to minimise adverse effects by means of the best available techniques, not entailing excessive cost, through a policy of health and safety improvement at the workplace, control of pollution and care for the local environment.
- Complying with our legal responsibilities and playing our part in influencing future legislation.
- conserving the use of resources, particularly those which are scarce or non renewable, including the following: Avoiding waste and encourage conservation, re-use and recycling, e.g. chipping and waste disposal management, etc. To preserve, restore and enhance the built and natural heritage. To reduce air, land and water pollution, e.g. toxic chemical sprays, motor exhaust, etc.
- Being sensitive to the environmental concerns of our neighbours and the communities through which we operate and responding to them.
- Adopting environmental objectives to continually improve our environmental performance and monitor progress in their achievement.
- Requiring our suppliers and contractors to have a proper regard for our environmental policy for the goods and services they provide for us.
- Communicating this policy to our staff, suppliers and customers and seeking their help to implement it.

This policy will be reviewed on an annual basis.
